## Samsung Pay

1. From the Samsung Pay app, select Add Card.
   (If this is the first payment card to be added, select the Add icon)
2. Align the card inside the frame to automatically detect the card number and expiration date. (If the card can't be detected, select Enter card manually.)
3. Enter the remaining info (e.g., security code, zip code, etc.) then select Next (located in the lower-right).
4. If requested, enter the billing address then select Save.
5. Review the Terms of Service then select Agree to all.
6. It will then ask to call the Bank of Hartington to verify your card.
